Responsible Security Disclosure Confirmation Letter

August 10, 2026

To Whom It May Concern,

Letter of Acknowledgement — Responsible Security Disclosure

This letter confirms that Eqan Hanif. responsibly disclosed a security vulnerability affecting a Qodo web application to our security team.

The report was submitted in good faith and handled in accordance with responsible disclosure practices. The researcher provided a clear, well-documented write-up, maintained confidentiality throughout the process, and assisted in validating the issue. The vulnerability was reviewed, confirmed, and subsequently remediated by our team.

We appreciate the professionalism and care demonstrated throughout this disclosure. Contributions like this help strengthen the security of our products and the safety of our users, and we are grateful for the researcher's responsible conduct.

Sincerely,

Brit Glazer
Head of Information Security
